NOAA and Weather Service
Freedom of Information Act Request

Dear Sir or Mam,

This is a request under the Freedom of Information Act, 5 U.S.C. Sec. 552. I request that a copy of the following documents be provided to me: I request a list of all NOAA or Weather Service satellite systems that are in geostationary orbit over the western hemisphere that have ground stations located in the US proper and who's ground stations are located in the pacific or mountain time zones. These ground stations would be manned by one person and that person would work an 8 or 12 hour shift. In order to help to determine my status to assess fees you should know that I am an individual seeking information for personal use and not for a commercial use.

Sincerely,

Robert Handy
