Fax No. 703-602-3092

Date: 26 February 2001

To: Freedom of Information Office, Naval Sea Systems Command

Re: Freedom of Information Act Request

Subj: IP Telephone System recently installed at Washington Navy Yard

Contractors: Anteon Corp., Fairfax, VA, and Cisco Systems, Inc., San Jose, CA

NAVSEA Contact: [Redacted] Chief Engineer, Office of the Chief Information Officer at NAVSEA

Under the FOIA, I hereby request the following information on the subject system:

a) NAVSEA pre-contract reports and other documents in which voice and data system requirements and alternative technologies were evaluated.

b) Contract design and performance specifications including system architecture for voice and data LANs, schematics and block diagrams, IP and subnet mask addressing scheme, voice mail and e-mail implementation details, cable plant layout, configuration and arrangement of equipment in telecommunication rooms and closets, and testing and acceptance procedures.

c) CAD-type drawings for the installed system including telecommunications rooms and closets, on CD-ROM.

d) NAVSEA test report for the installed system.

e) Supply Schedule with Bill of Materials quantities and prices.

I am prepared to pay for the cost of search, review, and duplication efforts if advised of these costs in advance.

Respectfully,

James I. McGuire Jr.
President
