Brigadier General, USMC
Commanding
8227TAMP BOE
23 June 2003

MEMORANDUM FOR: COMMANDER, 18TH MILITARY POLICE BRIGADE

SUBJECT: Army Regulation 15-6 Investigation

1. The undersigned was appointed as an AR 15-6 Investigating Officer by you on 12 June 2003 to look into the circumstances involving the escape of two Civilian Internees (CI) from the Camp Cropper Corps Holding Area (CHA) and subsequent shooting and death of one of those CI on 12 June 2003 at approximately 0300 hours.

2. Background: Two CI's successfully exited the CHA and made it outside the berm. SPC
186th Military Police Company, who was on exterior guard duty, observed the escape and fired his weapon at the two CI's, striking one, who died shortly thereafter of his wounds. This detainee, registered under the nameSequence #7166, was transported to the 581st ASMC for initial treatment. Upon arrival, he was then air medevaced to the 28th CSH, were he was pronounced dead on arrival. The other detainee,Sequence #8399, was recaptured within several hours and was returned to the CHA.

3. Scope: The scope of this investigation was twofold. First, to investigate the circumstances surrounding the escape and second, to investigate the circumstances surrounding the shooting and subsequent death of the CI.

4. Conduct of the Investigation: The undersigned spoke with medical personnel involved in treating the deceased CI first; to ensure any perishable physical evidence was collected. The undersigned then spoke to security personnel and other witnesses and obtained statements (most of which had already been taken in the form of sworn statements by 186th MP CO staff prior to my assignment as a AR 15-6 Investigating Officer).

5. Summary of Interviews:

a) CPT (MD), 581st Area Medical Support Company, BIAP, Baghdad, Iraq. On 12 Jun 03 at approximately 1149 hours, the undersigned spoke to
who was the doctor who treated the deceased CI on 12 June 03 at approximately 0320 hours. stated that was bleeding profusely from wounds in his chest, back and both legs when he arrived. stated that the wound in the back was consistent with an entrance wound from a 5.56 mm projectile, the wound in the chest was consistent with a exit wound from the same type of projectile, and the leg wounds were consistent with one 5.56 mm projectile passing completely thru one leg and entering the other leg. opined that had lost at least one half of his vital fluids by the time saw him. stated that was given two liters of saline
and one liter of hespan volume expander. Also stated that he noticed that while giving an IV, blood was extremely watery, indicating that very little blood was present, relative to the amount of intravenous fluids. Felt, however, that was stable when was placed on the helicopter for transport to the 28th Combat Support Hospital (CSH). Based on his observations, felt that the cause of death was hypovolemic shock, or bleeding out. Also felt that everything medically possible was done in an attempt to save

b) MAJ B. (MD) 28th CSH, LSA Dogwood, Iraq. On 12 Jun 03 at approximately 1545 hours, the undersigned spoke with a doctor with the 28th CSH. was not the doctor who pronounced dead, but was present when another doctor, MAJ (MD), pronounced dead. Stated that he was very confident in determining cause of death to be hypovolemic shock from one or both of the gunshot wounds. Had an entrance wound in the back consistent with a 5.56 mm projectile, an exit wound in the chest, consistent with that same projectile and wounds in both legs consistent with a 5.56 mm projectile. Completed a DA Form 2669-R (Certificate of Death) and made sure the undersigned received a copy of the Hospital Report of Death signed by

c) SFC 186th Military Police Company, BIAP, Baghdad, Iraq. On 12 Jun 03 at approximately 2000 hours, the undersigned spoke to Platoon Sergeant. Had no direct knowledge of the incident, but had spoken to and other soldiers with direct knowledge. Did provide the undersigned with an overview of what occurred. Advised the undersigned that he personally briefed and the rest of his platoon on the Rules Of Engagement (ROE) at least twice since assignment to Camp Cropper, BIAP. Checked magazine and discovered had 24 of 28 issued rounds in the magazine. Also had the remainder of his issued basic load. Provided the undersigned with four M-16A2 shell casings on 14 Jun 2003 at approximately 1710 hours. Stated that he obtained the casings from SSG 186th Military Police Company, on 12 Jun 03 in the afternoon. Told that the casings were recovered from the berm, near where was standing when he fired. Also showed the undersigned where an additional point and light set had been added to eliminate the shadow behind the latrines.

d) SPC 186th Military Police Company, BIAP, Baghdad, Iraq.

(1) On 14 Jun 03 at approximately 1629 hours, the undersigned spoke to , who has been assigned as a Military Police soldier since October 2000. On 12 Jun 03 at approximately 0259 hours (just prior to the 0300 hour radio check), was manning guard point #4 at the CHA. Guard point #4 is located at the Northeast corner of the CHA. Noticed movement out of the corner of his eye. Looked towards the latrine area, which is located near the center of the east side of the CHA, and noticed a detainee manipulating the wire on the outer perimeter of the camp. Stated that the portable chemical style
latrines created two large shadows across the east wire and onto the berm and this is where the detainees were manipulating the wire.

2) attempting to send a radio message stating there was an escape in progress. also stated he yelled that there was an escape in progress and yelled for the detainee to stop. also noticed that a second detainee had exited the outer wire perimeter and was also running up the berm and a third detainee was at the wire. The third detainee saw jump down from his static HMWWV guard point, and turned around and went back into the main compound.

3) ran towards the latrine point and ran up the berm, following in the same basic track as the two detainees who had escaped. When reached the top of the berm, he stated he yelled "stop" again. saw the detainee who was the first one out of the wire from the top of the berm. fired one shot from his assigned weapon (M16A2) and noticed that the detainee was still running. fired a second round and saw the detainee drop. The detainee was approximately 150' to 200' from the berm when fired at him. then saw the second detainee running in the same general area as the first detainee, which was east of the camp, towards the main road. fired two rounds at the second detainee, but stated the detainee was still running when lost sight of him. believed he had fired four rounds total. denied hearing anyone else fire any rounds.

4) After firing at the second detainee, went back to the bottom of the berm, made contact with another guard to get a flashlight. proceeded to the injured detainee, who was laying in the roadway, and called for a medic. stated that medics from Task Force 20 arrived before CHA medics. The detainee was treated by medics then transferred to the 581st ASMC. attempted to locate the other detainee and told other soldiers what had transpired. was told by a supervisor to return to my post.

5) stated that he knew the ROE, acted within the ROE and accomplished his mission of preventing escape. reviewed the written sworn statement he had completed on 12 Jun 03 for 186th Military Police Company, and stated the sworn statement was accurate with no additions, deletions or corrections needed. drew a map for the undersigned, showing pertinent information relative to the incident.

6. Additional Interviews: The undersigned spoke with the following individuals and had them review their sworn statements that they prepared on 12 June 2003 for the 186th Military Police Company. A summary of the pertinent parts of the sworn statement and subsequent statement to the undersigned is included.

a) 186th Military Police Company. On 21 Jun 03 at approximately 1900 hours, the undersigned spoke to who was on guard point #6 (South side of CHA, behind warehouse) during the time in question. stated
that on 12 Jun 03 at approximately 0300 hours, she noticed someone scaling the berm, near the middle of the east side of the CHA. She then heard someone yell for a medic, was unsure as to whether she would have heard yell "halt" or anything similar, sighting distance as a factor preventing her from hearing. Stated that the Quick Reaction Force (QRF) went inside the camp to assist with the headcount. Read and confirmed that her sworn statement dated 12 June 2003 was accurate with no additions, deletions or corrections needed.

b) SGT [Redacted], 186th Military Police Company. On 21 Jun 03 at approximately 1905 hours, the undersigned spoke to [Redacted] who was on guard point #5 (Southeast corner of CHA) at the time of the incident. Stated that he heard [Redacted] yell that there was a detainee outside the wire. Read and confirmed that his sworn statement dated 12 June 2003 was accurate with no additions, deletions or corrections needed.

c) SPC [Redacted], 186th Military Police Company. On 21 Jun 03 at approximately 1910 hours, the undersigned spoke to [Redacted] who was on guard point #2 (Northwest corner of CHA) at the time of the incident. Stated that he heard [Redacted] say over the radio that "They're going over the berm." Read and confirmed that his sworn statement dated 12 June 2003 was accurate with no additions, deletions or corrections needed.

d) SGT [Redacted], 186th Military Police Company. On 21 Jun 03 at approximately 1920 hours, the undersigned spoke to [Redacted] who was on guard point #3 (middle of North side of CHA) at the time of the incident. Stated that he heard [Redacted] say over the radio that he needed a spotlight to shine on the wire between points #4 and #5. Then reported a prisoner going over the berm. Observed [Redacted] going up the berm, heard [Redacted] yell from the top of the berm towards the other side, then heard [Redacted] fire twice, pause and fire twice again. Stated that he could not hear specifically what was yelled from the berm because of distance and ambient noise from the generators. Also stated that he briefed the SRT/QRF on the events that transpired and the direction of travel. Read and confirmed that his sworn statement dated 12 June 2003 was accurate with no additions, deletions or corrections needed.

e) [Redacted], 186th Military Police Company. On 21 Jun 03 at approximately 2005 hours, the undersigned spoke to [Redacted] who was the guard shift NCOIC/Rover, at the time of the incident. He was co-located with [Redacted] at guard point #6. Stated that he heard a radio message that he couldn't make out, but immediately assumed it was reporting a prisoner escaping. Observed [Redacted] going up the berm and heard [Redacted] yell "Halt" numerous times. Heard [Redacted] fire two to three rounds, pause and fire two or three more rounds. Stated that the account of the actions after the shots being fired is consistent with the account. Also stated that responding soldiers were directed to begin an organized search. Read and confirmed that his sworn statement dated 12 June 2003 was accurate with no additions, deletions or corrections needed.
that a piece of cloth had been used to tie the wire apart to permit a person to squeeze through the wire. The read and confirmed that his sworn statement dated 12 June 2003 was accurate with no additions or deletions needed. He did state that near the end of his sworn statement, he referred to a subject as. I am not sure now whether the individual was in fact or if it was SFC. This change would not materially affect the statement. He stated that lack of adequate lighting contributed to the escape. He did not believe any other factors contributed to the escape.

7. Camp Rule Considerations: 13th PSYOPS Detachment has been playing camp rules in Arabic several times a day since early May 2003. Included in the camp rules is the statement that “If you climb over the barbwire, and attempt to escape, you will be shot.” Also played is an announcement that states “Any attempt to escape or uprising will result in the use of deadly force by the coalition soldiers.” PSYOPS also plays a message that states that detainees must stay one meter from the fence line and not to touch or place any objects on the barbwire fence. One last message of significance states that “The English words ‘Stop’ and ‘Halt’ mean ‘Kif’ in Arabic. You must immediately halt when a coalition soldier uses the English or Arabic command. Failure to do so may result in disciplinary action up to and including the use of force. ‘Stop’ and ‘Halt’ mean ‘Kif’.” These messages are also played for new detainees upon entering the CHA since on or about 14 May 2003. Both detainees had ample opportunity to hear the PSYOPS messages.

8. Rules of Engagement: The legal advisor to Camp Cropper, provided the undersigned with written and verbal guidance from Annex D, 115th Military Police Battalion Tactical Standard Operating Procedure (TACSOP) concerning ROE that has been given to soldiers. Included in this guidance is rule #1 – “Necessary Force, including deadly force, is authorized to prevent escapes.” Sub-paragraph (a) states “If a detainee attempts to escape, guards must use graduated force, first, if possible. (b) Guards should shout ‘halt’ in Arabic three times (‘kif’, pronounce ‘cough’) before using deadly force. (c) Deadly force is authorized to prevent escape only where the detainee is crossing the last wire and there is no other lesser means to prevent escape. (d) Do not continue firing, once the subject has stopped. The purpose of shooting a detainee is to stop him or her from escaping.” Also pertinent to this investigation is rule #5 – “Prevent all escapes by all detainees, by order of the Brigade Commander.”

9. Discussion:

a) The purpose of this investigation is to answer two main questions, how did the escapes occur and did the Military Police respond appropriately. These two questions are closely intertwined because the personnel with the most knowledge on how these escapes occurred are also the same personnel who had to make the decision on how to respond. Additionally, several specific questions were addressed to the undersigned. These are answered in the narrative.

b) The lack of adequate lighting at the CHA was a major factor that permitted the escapes. In any detention facility, perimeter lighting must be designed to reduce shadows as
much as possible. The worst-case scenario is what occurred at CHA Cropper, which is that a shadow went from inside the wire, across the wire and onto the ground outside the wire. This made it relatively easy for detainees to begin escape operations from inside the compound and operate relatively concealed until they were outside the wire.

c) The undersigned, as the battalion S2, received indications from inside the wire in the days leading up to 12 Jun 03 that due to the presence of hardened criminals, relative overcrowding in the facility, frustration over lack of resolution of the detainees cases and primitive conditions inside the camp, some detainees were planning to escape, no matter what the consequences were. These indications were passed to appropriate staff sections, commanders and guard force personnel. Additionally, some detainees, despite our PSYOPS messages and the shootings that occurred on 9 Jun 03, believed that the Coalition Forces would not use deadly force to prevent escapes. Some of these detainees actively tried to convince other detainees of this.

d) These factors contributed to three detainees attempting escape by proceeding to the latrine area, stripping off their shirts to prevent snagging on concertina wire, tying cloth to the wire to give additional room and crawling under and through the wire.

e) The undersigned also learned that the second detainee, Sequence #8399, was recaptured at approximately 0545 hours, near were had last seen him running by an Military Police search team.

f) The second question is, "Did the Military Police act appropriately, once the detainees were outside the wire?" They did. fulfilled, almost to the letter, the requirements to use deadly force according to the ROE spelled out in the 115th Military Police Battalion TACSOP. The only possible technical exception is that he yelled, “halt” or “stop” in English, not Arabic, at least twice. stated yelled “halt” “numerous times.” PSYOPS messages make it clear to the detainees that they must know what the English words “halt” or “stop” mean. In the heat of the moment, KLOSTERMAN fulfilled the spirit of the ROE. The detainees knew what they were doing when they went to the latrine area, stripped off their shirts, tied the wire apart, crawled under the wire and ran up the berm. They were committed to escaping and were not going to stop unless they were physically stopped.

f) observation and quick reaction prevented one detainee from even getting through the wire, stopped another one using appropriate deadly force and probably assisted in the recapture of the third detainee who was so scared he hid and passed out near where had last seen him rather then continue to run away. The actions of the other soldiers of the 115th Military Police Battalion were also appropriate. They ensured medical aid was rendered, searched for and found the second detainee, completed a headcount and took corrective action.

6. **Recommendations:** No disciplinary action should be taken against any soldiers of the 115th Military Police Battalion. There is no evidence that they acted inappropriately. To the contrary, SPC should be commended for taking appropriate action during
difficult circumstances. Additionally, the other soldiers present also took appropriate actions, given the circumstances. Areas that should be addressed, however, include:

The 115th Military Police Battalion, except for providing handheld spotlights and posting a hard copy of the camp rules in Arabic, has addressed these areas satisfactorily. Additionally, a guard post has been added directly behind the latrines, giving security and visibility to this vulnerable area.

ABC's were performed. IV access was not possible. Breathing was adequate. There was a plan for IV access via a femoral catheter. A chest tube was placed by myself. Two heparin lines were placed over the chest wounds. Initial CT showed extensive hemopneumothorax and hemothorax. The patient was intubated. Initial attempt was unsuccessful due to large amount of blood in the airway. This was removed and an 8.5 ETT was successfully placed. |

A thoracostomy tube was placed. Blood was removed from the chest. The patient became more hypotensive. Blood pressure improved to 107/60. IV fluids were given. |
Heli was called and was standing by. Patient was transported to the 29th floor where he died. Pain to transport pressure dressing was applied to back upper thigh GSW.
WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

END OF STATEMENT
At approximately 0300 on 12 Jun 03, I was on shift and noticed a disturbance. I was at point 6 of the CHA located to the south of the compounds. Sitting atop a water truck, I had a good view of almost the entire perimeter. While speaking briefly with the Rivev I noticed a movement out of the corner of my right eye. I turned my head to the East burm as the guard from position 4 went scaling up the middle of it. He stopped at the top and fired off at least 5 shots from his rifle. I then noticed the interior guards, who most of them had been sitting in a group in front of my position talking, jump up and run in the direction of the shots fired. The position 4 guard yelled for a medic while still atop the burm. More interior guards were running around, many donning vests and Kevlar. After a short period of time many 186th soldiers came out to supplement the search of the lost prisoners. ABE went into the CHA and they helped with headcount.

Q. Are you positive you heard five shots?
A. No, it is possible that I heard an echo.

Q. Do you have anything else you wish to add
A. No

I was working the night of the eleventh of the chaw when the escape happen. I was on point five, at the very back of the chaw. At around two in the mornoing took over for me so I could go to the bathroom and grab a soda. I returned around two-thirty in the mornoing.

I had been at my point for about forty-five minitues to an hour when I saw [Blacked Out] running towards my point a yelling "There's one out" I then ran up the burm, but did not see any one. [Blacked Out] at that time fired rounds, I could not see where he was firing. I didn't see where the escape was made from. I also could not hear the call over the radio for the use of the flash light that was at my point. After the firing was done I went back to my point. About five minitues later the exterior of the chaw was being maned by more of our company. We stayed out at the chaw until four in the mornoing.

   On 12 JUNE 92 at approximately 0615 hrs while performing the duties as CO at the CHA, P-5 requested relief. I proceeded to P-5 from
   Point 1 then 5 inspecting the perimeter as I went. I saw no activity
   at that time. I then relieved P-5 for a latrine break.
   I then continued to search the perimeter wire. I saw only a few detainees moving in and out of the latrines throughout the compound. At approximately 0230 hrs
   returned from the latrine. I then proceeded to P-6 to
   relieve P-5 on the white water truck. While at Point 6 I scanned
   the entire camp and saw nothing out of the ordinary. Returned
   shortly before 0300. Shortly after the combo check at 0300,
   received a call that he was witnessing an escape, because of this
   within seconds I looked to my right and saw
   R2 running up the side of the burn located between P-4 and
   Point 5 yelling halt numerous times. I then grabbed my weapon and
   started *to get off the water truck. I heard approximately 23 shots being
   fired prior to me jumping off the vehicle. The truck. I started
   to run towards P-5 and heard 2-3 more shots. As I passed P-5 I
   looked right and proceeded to the location on the burn.
   I was yelling questions of "how many" and "where they were".
   R2 replied out of breath that 2 detainees had gone over the burn. I then
   proceeded up the burn with the spotlight as we went down the other
   side to pursue. I provided security and light for him. I heard someone
   yell for the medic, So I moved down the burn handing the light to
   SS6. No one responded to the shots and moved to the road

9. STATEMENT (Continued)

Located first at the CHA. I again made contact with [REDACTED] at the scene where the detainee that had been shot was laying in the street. He stated that the other had taken off running north on the pavement. By this time, numerous other individuals had also responded to the incident and aided in first aid and pursuit of the fleeing detainee. [REDACTED] arrived behind me so I sent him and [REDACTED] ahead to search for the detainee. I told him that I would take PCA care of pt 4.

I looked back across the street towards the CHA and saw that our soldiers were in place on the exterior perimeter, so I stayed on the scene. [REDACTED] arrived at my location and I started to brief him on the chain of events. [REDACTED] returned to the scene, I then sent him back to pt 4. During this I did look at the detainee in the street and noticed a chest wound and leg wound. [REDACTED] had made it to the scene and read the wrist band number off as A-7911 (I believe). I then left the scene and proceeded back to the CHA, and made contact with [REDACTED]. We began to search the wire for the route of escape. In the shadows between the porta-johns between pt 4 and pt 5 we found a section of wire that had been tied apart with blue cloth as to permit enough room for someone to squeeze through. We reported the findings to [REDACTED] who also looked at the wire. Searle

MEMORANDUM THRU Staff Judge Advocate, 800th Military Police Brigade

MEMORANDUM FOR Commander, 800th Military Police Brigade, BG Paul Hill.

1. On 12 June 2003, COL, Commander, 18th Military Police Brigade, appointed CPT to conduct an informal investigation into the escape and subsequent shooting and death of a civilian internee held at the Camp Cropper Corps Holding Area.

2. On June 20, 2003, the 115th Military Police Battalion was OPCONed to the 800th Military Police Brigade. LTC, 800th Military Police Brigade Staff Judge Advocate advises that BG Paul Hill, Commander 800th Military Police Brigade, is the appropriate appointing authority. A courtesy copy of the DA 1574 and attachments was furnished to COL, but the original was directed to be turned over to BG Hill and the undersigned was directed by LTC, to complete the legal review of the AR 15-6 investigation. The DA 1574 and supporting documentation was timely submitted on 23 JUNE 03 by the IO.

3. Under AR 15-6, paragraph 2-3b, I reviewed the investigation and make the following determinations:

a. The investigation complies with legal requirements for an AR 15-6 investigation.

b. There are no procedural errors or irregularities that invalidate the investigation.

c. Sufficient evidence supports the investigating officer’s findings.

d. The investigating officer’s recommendations are consistent with her findings. The original scope of work did not specifically ask whether or not the ROE was followed, but it is the advice of the undersigned that ROE was followed. Lethal force was not used until the escapee(s) had crossed the last wire. The shot used was a “well-aimed shot to center of mass” that did not endanger innocent bystanders. The guard shouted “halt” or “stop” numerous times prior to the shooting. The Camp Commander, Ronald G. Chew, had fulfilled his legal obligation under AR 190-8, par. 3-6.f(2) to ensure that the detainees understood what the words “halt” and “stop” meant.
