2. REGARDS.
FROM: UNAMIR, KIGALI.

SITREP COVERING PERIOD 270600E JAN TO 280600E JAN 94.

I. GENERAL SITUATION. Tensions, the troubles around the UN compound reported as per daily SITREP 25-26 Jan 94 are coming from a feeling of insecurity of the local population in that area. The Prefect of Kigali City had a three hour conversation in the open with these people. Kigali Sector Commander attended although we had not been invited. The comments of the CTP were subsequently misquoted in the local media. The meeting was anti-RPF from the start. It was said that a gendarmerie car will be installed permanently in the area.

II. FRACTIONAL ACTIVITIES.

A. POLITICAL. ARCAD based transitional government not yet installed. SSIG held a marathon 4 hour meeting with MNR and RPF leadership. There is considerable movement on both sides. The results are that an offer was made by RPF. MNR is yet to respond.

B. MILITARY.

(1) RPF. RPF troops carried out firing practice at Kanombe. A request to move a command battalion from Rubambatwera to Kigali. Weapon secure area was denied by us. It was termed as a reinforcement. They stated that it was due to resupply problems in the North.

III. OWN MILITARY ACTIVITIES

A. HQS. The joint committee meeting to be held at Ngombe on 27 Jan 94 was cancelled by FC because both gendarmerie and army chiefs of staff backed out at the last minute. Without their presence (or at least the chief of staff of the army) we could not take certain fundamental decisions on the demobilization staffings. FC met RPF chief of staff, Gen. Nsabimana, at about 15.30 hrs and forwarded protest against intended RPF troop movement to the Kigali weapon secure area. 15 Russian UH-1s arrived in the mission area.
