All authorities including the president of the Republic, except the RPF reported for the ceremony.

B. On 241800 Mar 94 A/FC in consultation with SRSG decided to change the UNAMIR Force readiness status from yellow to red in view of the swearing-in ceremonies for the Broad Based Transitional Government and Transitional Institutions on Friday 25 Mar 94. State of alertness continues in anticipation of possible installation of BBTG on Monday 28 Mar 94. But the Broad Based Transitional Government (BBTG) could not be installed and UNAMIR continues to pursue all efforts to unblock the situation.

B. During the period under review, there were two unsuccessful attempts to set up the institutions, on 25 and 28 March. Both efforts failed when agreement could not be reached on the request by CDR to be included in the institutions. C. On 28 March, the SRSG signed a joint statement with the representative of the Facilitator, the Ambassadors of the observer states (Belgium, France, Germany and United States, Burundi, Uganda, Zaire) and the Dean of the Diplomatic Corps, in which they appealed to Rwandese political leaders to reach a compromise which, inter alia, would allow CDR to participate in the transitional institutions, and thus allow those institutions to be set up without further conditions.

The Kigali hospital also demonstrates no positive attitude in getting these patients. They don’t answer the phone and deny sending ambulances to get the patients. Solutions to this problem are being negotiated. Medical supplies are urgently required. Discussions are ongoing with ICRC/UNICEF in getting their support for delivering supplies to UNAMIR for treatment of the local population by UNAMIR field hospital. It is observed that the number of patients with malaria is on the increase. A/FC issued a memorandum to motivate the UNAMIR personnel to use the preventive medicine provided by the UN.
