 Subject: Freedom of Information Act Request

To Whom It May Concern:

I'd like to request, using the Freedom of Information Act, as applicable:

1) A list of all civilian contractors, subcontractors, and consultants, that your component of U.S. Department of Defense is using, to help rebuild Iraq, and how much the U.S. Government is paying them.

2) I'd also like a list of all civilian contractors, subcontractors, and consultants, that your component of U.S. Department of Defense whom help build property and any structures that are used for force protection, housing, logistics, and transportation.

3) For all of those mentioned please include a brief summary as to what each of their purpose is and what exactly they are doing.

I would like the information requested be sent to me via postal mail.

Thank you for your help on this and expect at least some sort of prompt response on this request.

Sincerely,

Jonathan Lotz
