Department's attention is invited to reftel which reports possibility that World Peace Council might hold meeting in Honduras this February, shortly after inauguration of new GOH.</p> <p>3. In addition to request contained para 3 reftel, which Ambassador fully supports, we would recommend that Department consider putting out Washington-based story through wireless file which might be easier to place than generating locally-initiated story. We would assume that material for such a story must be readily available in light of President Reagan's recent characterization of the group as Soviet-sponsored when speaking about anti-nuclear demonstrations in Europe.</p> <p style="text-align: right;">JDN</p>
