2. As of 1000 EST morning March 25, I had spoken twice with Doctor Suazo and once with Paz Barnica about UNSC situation.

3. The long and the short of the story is that Paz Barnica is ready to go to New York in time for a Monday Security Council session (as reported in Tegucigalpa 2884), if that is the right thing to do. He is, however, getting conflicting advice, including some suggestions that he consider calling for a session of the OAS Permanent Council. Paz has asked for our views.
4. ACTION REQUESTED: Believe GOH will be amenable to our suggestions. Please advise what we consider most desirable Honduran course of action at this juncture.
