I appreciate receiving advance copy of your trip report contained in reftel and have no objection to its being sent to proposed addressees. I am ~~not~~ ^{not} however, prepared to associate myself with contents in every last detail. I especially believe that paragraph 4G to effect that Honduras has no formal military strategy and no justified force development plan may be overly critical. In their own way, I think Honduran military leadership has a pretty good idea of what it wants to achieve and what it needs to achieve it.
