Dear Linda Sellinger (FOIA Officer),

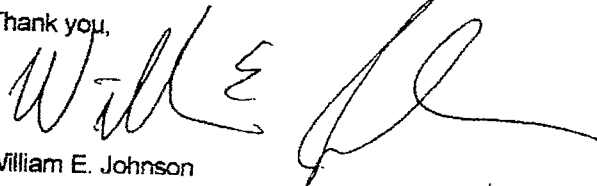

Subject: Expansion on Previous FOIA Request

The information that you provided me from my previous FOIA request, dated March 20, 2002, was what I was looking for at the time. Your responses appeared to be thorough and complete as could be expected and I thank you for the work you put into it.

However, I have since found correlations in other research areas that leads me to want to check on another office in the area. This office is still part of Health and Human Services of which CDC falls under and is located downtown Washington, DC on Independence Ave. So I would like the same research that was done previously but on new telephone prefixes. The new telephone prefixes are "(202) 205", "(202) 260" and "(202) 690". I would like copies of the telephone bills as before and the time frame of interest is Mar 1998 to current. If it is possible I would like March thru July of 1998 and October 2003 thru January 2004 as soon as possible.

Again, I am willing to spend up to \$10,000 to cover the costs of this research but would like some coordination in increments of \$500.00.

Thank you,

William E. Johnson

I wish for information under the Freedom of Information Act and/or the Privacy Act. I would like copies of documents or other sources of information of requests by other individuals or institutions that have been made that resulted with releases of information regarding my previous requests. Specifically, if anyone acquired copies my FOIA requests that were received by you on or about March 13, 2002 or March 20, 2002 and any of their subsequent requests and responses by you or Mr. Frenette. If there is other information that referenced these requests that were also released I would like the relevant information on those as well.

Thank you,

William E. Johnson
