

**URGENT ADDITION TO LA TIMES FOIA REQUEST:**

Several agencies have informed us that another news organization submitted a FOIA on Friday for all video news releases and contracts that produce them. We would like to amend the attached request to include a request for just video news releases from your agency. We are doing this so that we can get this information at the same time as other news organizations.

If possible we would like to retain our broader request for all contracts as well understanding that the other (non video news release contracts) will come later..

Thanks,

A handwritten signature in black ink, appearing to read "Tom Hamburger", with a long, sweeping underline.
