Subject: Request under FOIA

I would like to request a copy of the winning proposals and their budgets under the Freedom of Information Act for the following grant competition:

Partnerships in Character Education
CFDA#: 84.215V
Year of Competition: 2004

I understand that there is a fee for this but I do not know how to proceed with this request (do you bill, should we complete a form, or something else). Please let me know if this is all you need or how I should proceed.

Documentation can be sent to me at the address below.

Thank you for your time.
