^{*} Indicates that agency never received April 22, 2005 request and a new request was later submitted for documents. The processing times calculated for these agencies start from the day the second request was filed. 11 out of 64, or 17.2% of agencies claimed they never received the initial April 2005 request in spite of the Archive using the contact information on the agency's FOIA website and receiving either fax or e-mail confirmation receipts. The U.S. Coast Guard lost the request twice.

[®] Indicates the oldest request is a referral from another federal agency. Part of the explanation for the delay in processing these requests is the FOIA interagency referral system.
