SUBJECT: <sup>X</sup> Moss -- freedom of information bill  
John E.

He and I talked this morning. He reported out the Senate bill yesterday, without amendment. He agrees that full committee should refer it to Justice for comment.

Full committee could take it up April 20 at the earliest.

I told Nick to take charge and stick with it.

Moss and the Administration can, I think, work things out.

Bill Moyers and Moss may be in Viet Nam at the same time. I have suggested to both of them that they get together, if possible.
