MEMORANDUM FOR PEACEKEEPING CORE GROUP MEMBERS

FROM: RICHARD A. CLARKE *RA*

SUBJECT: Summary and Conclusions of 2 May 94 Meeting

GEORGIA

1. State (NIS) will engage in a variety of diplomatic contacts with the Russians and Georgians this week to probe further the reasons for the May 10th "deadline" for a decision on peacekeeping.

2. [ ] will prepare a briefing for use with the Russians and Georgians on our understanding of the refugee, planting, and fighting situations in the area. USUN will arrange for a meeting with the Russians where we can compare our understanding and information on these issues with theirs.

3. State (IO) will prepare an analysis of the varying levels of UNSC action that might be taken with regard to a CIS peacekeeping force (e.g. acknowledgement, endorsement) and what "price" or conditions might be sought of the CIS in return (e.g. reporting, monitoring, mandate). The paper should be available to members of the Core Group by 6 May.

B1

RWANDA

1. USUN will circulate to other concerned delegations the elements of a new resolution based on the guidance that was agreed on by the interagency community on April 30, with a view to approval of such a resolution later this week.

2. State will examine what funding authorities are available for US support to humanitarian and peacekeeping operations (Voluntary PKO account; FAA sections 506A, 522; ERMA). NSC will seek a White House announcement of \$15 million in emergency refugee assistance.

3. State and JCS will examine the feasibility of using Commando Solo aircraft to broadcast into Rwanda, to counter the effects of Rwanda radio stations that are calling for additional murders.

4. State (AF) will host a daily (M-F) video conference on Rwanda at noon, until further notice.
