Some time ago, [REDACTED] P0214, requested an Unclassified DEFSMAC mission statement. DEFSMAC provided the following:

The Defense Special Missile and Astronautics Center (DEFSMAC) is hosted and managed by the Operations Organization and and staffed by NSA and DIA personnel. DEFSMAC is responsible for worldwide all-source intelligence data. It provides time-sensitive alerts, initial event assessments, and mission support to national agencies, national command authorities, unified commands, and deployed sensor platforms and stations.
